Profile

I am a versatile and skilled web developer with expertise in creating dynamic, responsive, and user-centric web applications. My technical toolkit includes modern front-end and back-end technologies such as JavaScript, TypeScript, React.js, Next.js, Vue.js, Node.js, Express.js, and PHP. I also bring proficiency in frameworks and tools like Laravel, Tailwind CSS, Bootstrap, and jQuery, paired with robust database management experience in MySQL and MongoDB. Whether building custom solutions or optimizing websites with platforms like WIX, I am committed to delivering seamless, scalable, and visually appealing web applications tailored to clients' needs.

Professional Experience

September 2022 – present **Full Stack Engineer**

Kyiv, Ukraine

Empat 🏢

- Designed and optimized high-performance RESTful APIs with Golang, enabling seamless system integration.
- Built scalable backend systems using Node.js, Golang, and Python, ensuring high performance and reliability.
- Developed an intelligent ad creation system with computer vision and deep learning, automating processes.
- Created a personalized recommendation engine with NLP models and integrated real-time chatbot features.
- Developed a Python Flask web app for managing and visualizing e-commerce data to drive insights.
- Integrated GCP services into CI/CD pipelines, enhancing deployment efficiency with Cloud Build and Container Registry.

March 2023 –
September 2024
London, England

Senior Data Scientist & AI Specialist

Silicon Reef 🏢

- Led a team of data scientists and engineers to design and deploy machine learning models, boosting client ROI by 25%.
- Developed advanced predictive analytics using Python (Pandas, NumPy, Scikit-learn) and deep learning tools (TensorFlow, PyTorch) to support data-driven decisions.
- Designed and optimized ETL pipelines, cutting data processing time by 40% and enabling real-time analytics.
- Specialized in NLP for text analysis, sentiment analysis, and chatbot development, enhancing automation and user experience.
- Delivered business insights through interactive dashboards and reports using Tableau and Power BI for strategic decisions.

March 2023 – May 2023
Kharkiv, Ukraine

Senior .NET Developer & Full-Stack Web Developer

Space Whale 🏢

- Developed scalable applications with ASP.NET 🏢 Core, C#, and SQL Server.
- Optimized performance with RESTful APIs and third-party integrations.
- Built user-friendly web apps using React.js and Angular.
- Led teams in agile environments, ensuring on-time delivery.
- Increased client satisfaction by 35% with tailored solutions.

Education

2016 – 2019	Bachelor's degree
Osakasayama, Osaka, Japan	<i>Kindai University</i>  Kindai University is a private university in Osaka, Japan, known for its strong programs in business, engineering, medicine, and informatics. It emphasizes practical education, industry collaboration, and innovative research, especially in robotics and aquaculture. The university offers international programs and is located in Osakasayama, easily accessible from central Osaka.
